

Expertise with Local Roots and National Reach

Greetings!

Back from Dubai

Sage recently held its annual Enterprise Management (X3) reseller conference in Dubai.

In addition to having an opportunity to meet with Sage executives and partners from around the globe, resellers were able to learn about the future directions of the system. Resellers were also able to give feedback to Sage regarding what we see as future needs for the system as relayed to us by the users. We also had camel rides.

Common themes that were addressed during the conference include:

- Sage will move towards quarterly updates that will be designed to be installed with a minimum of effort.
- Product documentation will continue to be improved.
- Sage is investing in more extensive consultant training to keep up with rising demand.

Next year's event will take place in Orlando, the first Sage EM conference to take place in the US.

Sincerely,
WAC Solution Partners Team

Passover!

Manage it all with
awesome
technology

Transform business management with Sage Business Cloud and its powerful ecosystem of applications, tailored for your business, in your local market.

Inspiration to
spark the next
great idea

Get expert advice and inspiration from Sage and local business experts through engaging keynote presentations and content sessions.

Make powerful
new connections

Meet your peers and converse with our experts to uncover their keys to success and calculate your next move.

Credit Card Processing Solution

Question:

Mike, We own Sage 100 Accounts Receivable and Sales Order, we would like to use Credit Card Processing, is that possible?

Answer:

Yes, Sage 100 Accounts Receivable and Sales Order Modules are fully integrated with several payment processors. Transactions can be integrated through Accounts Receivable Cash Receipt Entry and Sales Order Entry without having to go outside the Sage 100 Accounting System.

Where in the World?

"Most populous city"

Each month we publish a picture from Google Street Maps. Location and the name of the landmark is required to win.

Last months image was of Burji Khalifa in Dubai, UAE.

The winner was Lisa Waagen of Commonwealth Associates Inc.

GOOD LUCK

Son of Omega

As you may have already heard, we have extended the Son of Omega promotion until the end of May.

It's been over five years since Sage Software, WAC Solution Partners and 20 other Sage re-sellers and third-party developers conducted the Omega Tour.

The purpose of the tour was to explain to users why the products were being retired and what options were available going forward. We covered 12 cities across the United States in less than three weeks. The tour brought upgrade strategies and transition options for Sage PFW and Sage Pro ERP to the companies using these solutions.

The Son of Omega, the Virtual Tour, continues. We have had a number of seminars reviewing migration paths, licensing options, implementation and general informational topics. From now until May 31st we will be offering promotions, informational webinars and incentives to migrate off of these platforms. In addition to Sage Software, we are working with new publishers like Acumatica and NetSuite to offer additional options.

Go to this link for the latest updates and seminars.
